

Bavaria 37 Cruiser "Pitufo"

From Bavaria;
Space more akin to that of a 40-foot yacht and a sporty but safe sailing performance that you would expect from a modern racing yacht – this description is merely part of the Cruiser 37's features. The whole truth is that she is an extremely fast cruising yacht with exceptionally large space below deck.

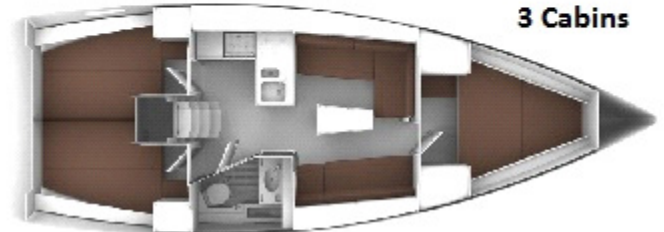

Year of Build		
2015		
Cabins	Berths	Showers/Heads
3	6	1

Navigation And Electronics
Speed - Wind - Depth • Autopilot • GPS Chart Plotter • VHF

The Bavaria product managers collaborated with designers from the US company Farr Yacht Design to develop an extremely powerful sail plan and an optimal arrangement of all fittings and trimming options for the Cruiser 37. The genoa tracks for the sheet block positions of the headsail are mounted far inside on the structure on a Cruiser 37 in order to ensure the best possible angle to the wind. The sails of the Cruiser 37 are from Elvström Sails in Denmark and have been specially developed to meet Bavaria's exacting requirements.
